The **AON DISPLAY** is a compact version of our AON™ Fire Tables.

Designed to showcase these tables without the space-claim of the full-size unit. The AON Display highlights the beautiful craftsmanship and finish of the tables as well as the patented **CROSSFIRE®** Brass Burner, renowned for its unmatched flame performance and fuel efficiency. Made in Colorado, USA, the AON Display Unit exemplifies the superior quality and performance Warming Trends is known for.

The 10" x 20" x 14" Display weighs 32 pounds, includes a PBIK Ignition, and connects to a 20 pound propane tank. The complimentary Magnetic Sell Sheet highlights the features, benefits, and options of the AON Fire Tables.

**Limit One Per Retail Showroom.*

FLOOR DISPLAY UNIT

The Floor Display is 30" tall and 18" square. The display includes a hollow metal frame, two preselected panels, your choice of two slide-in marketing panels, a CFB60XL CROSSFIRE® Brass burner with a patent-pending WATERSTOP® fitting mounted on a 18" square plate, and a key valve. The unit is ready to connect to a 1 lb propane tank* and can be modified to connect up to a 20 lb tank. A perfect showroom addition to highlight the quality and performance of the CROSSFIRE® Brass Burner.

* Propane Tank not included

PANEL OPTIONS

Floor Displays include two preselected panels and your choice of two additional panels.

COUNTER TOP DISPLAY UNIT

The Counter Top Display includes a CFB60XL CROSSFIRE® Brass Burner with the patent-pending WATERSTOP® fitting, together with a 17" tall, triangular aluminum base. The Counter Top Display is available in two plate/pan options. The DISCT has a 12" circular plate. DISCT4 has a 12" square plate with 4" sidewalls which can be filled with water to demonstrate the effectiveness of the WATERSTOP fitting. The Counter Top Display is great for small spaces and the removable demo burner is the perfect portable sales tool.

** Propane Tank not included*

**LET YOUR CUSTOMERS EXPERIENCE THE PERFORMANCE OF A
