# MERCURY IGNITION SYSTEM

The **Mercury Ignition System™** requires no electricity and is equipped with a safety shut-off. It is an outstanding, cost-effective ignition for any residential or commercial installation, and especially well-suited for unique or remote locations.

IGNITION PILOT ASSEMBLY

- No Electricity Required - Battery Operated Push Button
- Delivers unmatched BTU output of 240,000 BTUs compared to only 140,000 BTUs from any competitor
- \$729.00 MSRP is substantially less than any comparable ignition
- Provides superior gas line protection from water and debris when coupled with the WATERSTOP® fitting
- 3-year Residential and 1-year Commercial Warranty
