

Bring spaces to life where friends and family can gather, relax and entertain. As your project partner, Warming Trends delivers the products you need to create outstanding spaces with **AMBIANCE, LIGHT, WARMTH** and **WOW FACTOR**.

SUPERIOR FLAME - The **CROSSFIRE®** Burner patented technology produces a taller, brighter, more natural flame that replicates a wood-burning fire while consuming less fuel.

MADE IN THE USA - Our products are proudly manufactured in the United States, supporting our local Colorado commerce as well as other manufacturers across the country. Consumers benefit from more reliable lead times.

100% BRASS - All **CROSSFIRE®** Burners are made from 100% brass. Unlike other burners made from stainless steel, brass is corrosion resistant and will not rust, which eliminates the need for replacement.

LIFETIME WARRANTY - **CROSSFIRE®** Brass Burners are constructed to last and are backed by a lifetime warranty.
