

WARMING TRENDS®

Our Company

Warming Trends designs, manufactures, and distributes superior outdoor gas fire features. Our main office is in Englewood, Colorado, about 20 minutes south of downtown Denver. With patented, competitively advantaged and United States made products, we have created a company that has proven itself to be an innovative industry leader. We appreciate every opportunity we are given to contribute to our customers' outdoor living environment and lifestyle. Visit our website at www.warming-trends.com to learn more.

Along with our product, our employees seek to delight our customers and help drive our successful brand.

As Warming Trends continues to expand, the Company is committed to investing in our team members, as we seek members whose performance can match that of our CROSSFIRE burner systems.
